Superpower Your PURPOSE!

Thanks so much for attending my Superpower Your PURPOSE! Free Webinar. The following are some links and info you may find helpful in superpowering YOUR specific purpose. If you feel called, I'd love to work with you one-on-one in a [Superpower Your Purpose Astro/Coaching Session](#). If you'd rather, check out the full [Superpower Astrological Chart Experience](#)

Why purpose is important

If you had nothing to contribute, you wouldn't exist! We are wired to want to serve in our own specific way. It helps us feel very fulfilled. It is a way we give our love to the universe. And, well, we'd like to make money at it. (Since we need money anyway.)

General (but EXCITING!) info about purpose

Your purpose, like the rest of your life, is always evolving. As Abraham-Hicks say, "You cannot get it wrong and you cannot get it done." Relax and enjoy the ride.
